LES CONSERVERIES MAROCAINES DOHA

In full compliance with the diversification strategy of the BICHA GROUP, the company « **les Conserveries Marocaines DOHA** » has developed around three main activities:

- **Canned fish** : sardines, mackerel, and tuna.
- **Canned vegetables** : jam, tomato paste and olives.
- **Frozen** fruits and vegetables.

A major player in the agri-food industry, « **les Conserveries Marocaines DOHA** » has taken advantage of the diversification of trades to become a reference among many consumers who are satisfied with the quality of the products offered by the company.

Through its multiple activities, « **les Conserveries Marocaines DOHA** » fully contributes to the development of local and national agricultural and fishery resources, particularly those of the Souss region, which is renowned for its quality raw materials.

DOHA

QUALIFICATIONS & CERTIFICATIONS

« **Les Conserveries Marocaines DOHA** » show absolute rigor both in terms of the choice of raw materials and in terms of the controls carried out at the various stages of production and packaging.

To achieve this, the company has acquired several control laboratories equipped with state-of-the-art measuring instruments, the maintenance and use of which are provided by specialists who are experts in their field. Thus, « **Les Conserveries Marocaines Doha** » was able to obtain major certifications, particularly for its canned fish production unit, namely:

- **HACCP**
- **ISO 22000**
- **ISO 9001**
- **BRC FOOD**

Likewise, in addition to the “**ISO 2200:2005**” and “**ISO 9001:2008**” certifications acquired in 2010, “**Les Conserveries Marocaines DOHA**” has implemented the **HACCP** control system in its product preparation processes to fully comply to international food safety regulations and further guarantee the quality of its products.
